

Archery

Get ready to shoot for teamwork and hit the target of unity!

In Archery Combat, teams will participate in a fun and safe archery combat activity that combines the excitement of dodgeball with the precision of archery.

How it Works:

Participants will use specially designed bows and foam-tipped arrows to shoot at targets and other participants while wearing protective gear to ensure their safety.

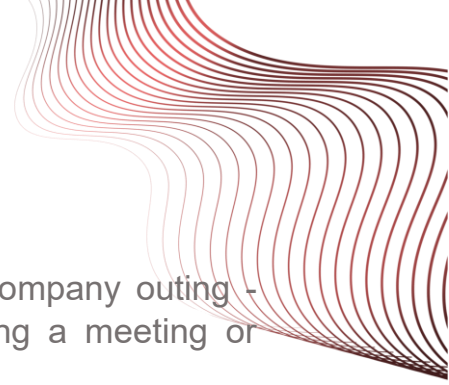

The game will be played in a large, outdoor area with obstacles and barriers that provide cover for participants. Each team will have a home base where they can regroup and strategize. The objective of the game is to eliminate all members of the opposing team while protecting your own team members.

To add an extra layer of excitement, there will be a variety of game modes available for teams to choose from. For example, teams can play a classic team deathmatch game where the objective is to eliminate all members of the opposing team. Alternatively, they can play a capture the flag game where the objective is to capture the opposing team's flag and return it to their own base.
