

## Drum Circle

**Drum up team spirit and create a harmonious bond that resonates long after!**

Looking for a unique and fun team-building activity that promotes creativity and enhances essential business skills? Look no further than a Drum Circle! Led by our expert Drum Facilitator, your team will learn to play different hand drums and percussion instruments, working together to create dynamic African and Samba rhythms. With a history dating back to ancient tribes and used in everything from religious ceremonies to music therapy, drumming is a powerful form of communication that permeates daily life. This activity offers the perfect blend of entertainment and practical team-building. Our facilitators will energize the room and challenge your team with new tasks that promote focus and commitment. This workshop provides an opportunity for individual expression while transforming your group into a high-performance drumming team!

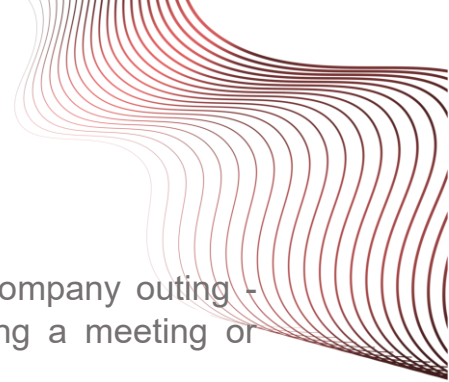

### How it Works:

Participants will be divided into small groups. The facilitator will teach them basic rhythms and techniques on different percussion instruments. The groups will then come together to create a collaborative piece of music. The facilitator will add layers to the piece by introducing more complex rhythms and encouraging individual expression. The final performance will showcase the participants' teamwork and creativity, and will be recorded for them to keep as a memory.
