Dart Throwing

Aim high, throw together, and achieve greatness as a team.

In this team building activity, participants will compete in a series of dart throwing challenges designed to test their accuracy and teamwork skills.

How it Works:

Teams will be divided into smaller groups and assigned to different dart stations. Each station will have a different challenge, such as hitting a moving target, hitting a specific area of the board, or hitting a target blindfolded with the help of teammates' directions. The challenges will be timed, and the team with the highest combined score will be declared the winner.

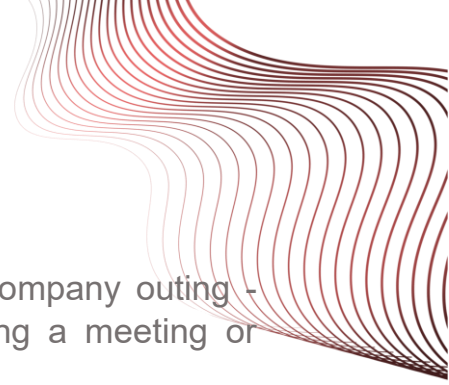

To make the activity more engaging and interactive, each team can customize their own darts by painting or adding decorations to them. This will help build team spirit and encourage creativity and collaboration.

The Bullseye Challenge is a safe activity as long as participants follow safety rules and guidelines. Participants will be required to wear safety goggles and will be given a safety briefing before the activity starts. The dart stations will be set up in a controlled environment, and there will be trained staff to monitor and assist participants throughout the activity.
