

Lego Chain Reaction

Work together, strategize, and witness the magic of your interconnected Lego creations

Welcome to Lego Chain Reaction, an exciting team building activity that challenges your team to work together and build an extraordinary Rube Goldberg machine using legos. This activity is perfect for enhancing teamwork, communication, and problem-solving skills.

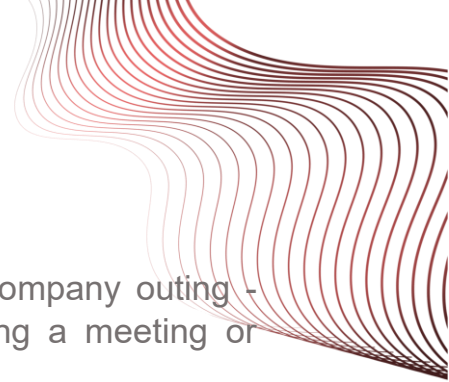

How it Works:

In this activity, your team will learn to build 10 different LEGO machines that can swing, pivot, roll, lift, and drop. Then, you'll connect, rearrange, and experiment with the machines to create a chain reaction. With the help of the included book of instructions, LEGO pieces, plastic balls, string, paper ramps, and other components, your team can let their imagination run wild and create a unique and impressive Rube Goldberg machine.
